PROFESSIONAL EXPERIENCE

SENS ADVISOR

Business Systems & Analytics Architect | January 2019 - Present

San Juan, PR

Independent consulting in finance, business systems, analytics, and applied AI. Serve as Managing Director under subcontract to a local firm on public- and private-sector engagements.

- Advise CFOs, founders, and investors using driver-based budgets, valuations, and financing and expansion scenarios. Build integrated forecasts from client trial balances linking cash flow, debt, leases, and capital spending.
- Develop financial and operating reporting for leadership on budgets, sales, margins, and business-unit performance; collaborate on executive presentations.
- Turn client problems into requirements, plans, and system designs; lead project teams through implementation, setting deliverables and deadlines and reviewing work.
- Lead acquisition valuation and pricing analysis, using financial projections, discounted cash-flow models, and risk simulations to recommend purchase prices.
- Assess customer concentration, asset values, and integration requirements in buy-side financial due diligence to inform acquisition offers.
- Prepare annual fair-value valuations of private-company investments under ASC 820 for a private equity fund's financial reporting.
- Design sales incentive models linking commissions to revenue growth and gross margin, with views by salesperson, customer, region, and product line.
- Lead application builds with contract developers: define requirements and milestones, review work, approve hours and payments, accept delivery, and connect the result to existing business platforms.
- Assess and implement AI in business workflows, including LLM automation, document and data extraction, and evaluation, and help client teams adopt AI coding assistants.

CABRERA AUTO

Financial & Strategic Planning Manager | January 2018 - January 2019

Arecibo, PR

- Owned the annual budget and forecasts, and analyzed financial and operating performance against plan.
- Owned monthly financial statement reporting, coordinated the month-end close across departments, and improved the reporting process.
- Coordinated the annual external audit, gathering and organizing supporting schedules and documentation and answering auditor requests.
- Analyzed pricing, asset utilization and mix, customer channels, and location-level profitability to inform commercial and operating decisions.

PROFESSIONAL EXPERIENCE CONTINUED

PUBLIC CORPORATION FOR THE SUPERVISION AND INSURANCE OF COOPERATIVES

Lead Financial Analyst for PROMESA | November 2016 - January 2018

San Juan, PR

- Developed solvency and liquidity risk models and oversaw debt securities analysis.
- Directed fiscal-plan work across technical, legal, and compliance departments: assigned tasks and deadlines, reviewed contributions, requested revisions, and served as oversight-board liaison.

GOVERNMENT DEVELOPMENT BANK FOR PUERTO RICO

Executive Assistant to the Comptroller / Assistant to the President | March 2015 - November 2016

San Juan, PR

- Prepared and presented financial documents to the board of directors, including cash-flow and short-term liquidity reports.
- Coordinated annual operating budgets across the organization and its affiliates.

NATURAL RESOURCES AND ENVIRONMENTAL AFFAIRS COMMISSION

Public Policy Analyst | August 2013 - March 2015

Senate of Puerto Rico | San Juan, PR

- Conducted quantitative and qualitative policy research and assessed the implications of proposed legislation for stakeholders.

EDUCATION AND PROFESSIONAL DEVELOPMENT

Agentic AI Program | Carnegie Mellon University, School of Computer Science Executive Education | In progress | October 2026 - Present

Advanced Valuation Certification | NYU Stern Executive Education | June 2024

Master of Big Data and Analytics | Polytechnic University of Catalonia BarcelonaTech | 2023

Master of Science of Accountancy | University of Illinois Urbana-Champaign | 2022 | Major in Data Analytics

Master of Public Administration | University of Puerto Rico Rio Piedras | 2020 | Government and Public Policy

Bachelor of Arts | University of Puerto Rico Rio Piedras | 2012 | History of the Americas
